

IM5 Electric
Sedan

IM MOTORS

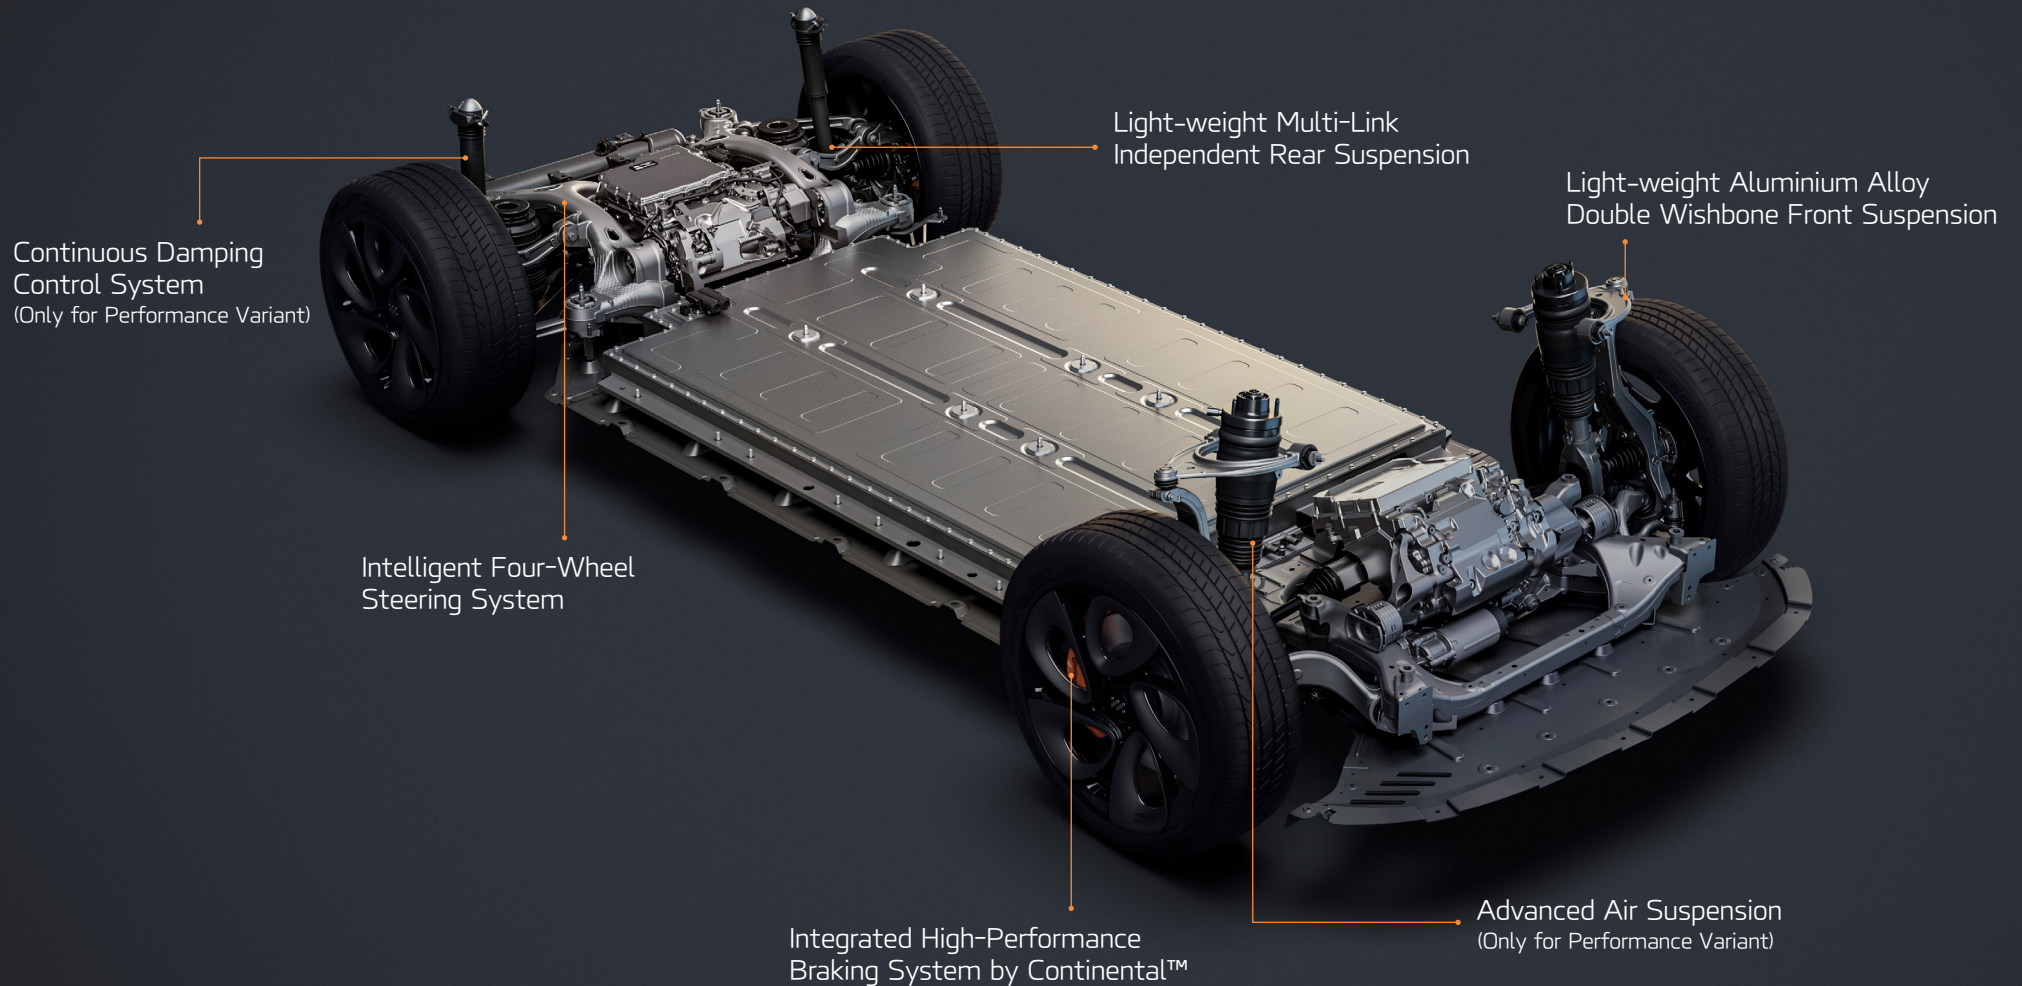

IM

POWER.
EXHILARATION.

Power Meets Precision.

Powered by the unique IM Digital Chassis, the IM5 offers a seamless blend of electrified performance and sophisticated control. Experience a refined, exhilarating drive that adapts to every twist and turn of the road, giving you a driving experience that is as intuitive as it is powerful.

Smarter Inside and Out.

Step into a new era of intelligence with the IM5. Featuring the advanced IM Operating System (IM OS) and One Touch iAD, its cabin is packed with innovations designed to integrate seamlessly into your life for a truly intuitive and effortless driving experience.

ONE TOUCH PARK

Finding a parking space just got a lot easier. One Touch Park automatically finds the perfect spot for you at low speeds and alerts you immediately, so you can park with a single touch.

ONE TOUCH CURBSIDE

Park perfectly alongside kerbs and walls with One Touch Curbside. This function takes the stress out of tricky parallel parking, allowing you to position your vehicle accurately with a single tap on the screen.

ONE TOUCH PULL OUT

Struggling to get out of a tight parallel or reverse parking lot? One Touch Pull Out automatically pulls you out of the lot.

ONE TOUCH REVERSE

Stuck at the end of a long narrow road? One Touch Reverse records your driving path at low speeds and can automatically reverse the vehicle for up to 100 metres, retracing your exact route while detecting obstacles to avoid scrapes and collisions.

Safety and Quality, Elevated.

Your peace of mind is our priority. The IM5 provides uncompromising protection with a comprehensive suite of passive and active safety features, including Rainy Night Mode and the Proactive Vision Supplement System (PVSS).

RAINY NIGHT MODE

Experience clarity in low light situations, heavy rain and blind spots where live feeds are sent directly to the drivers screen to support driving safety.

PROACTIVE VISION SUPPLEMENT SYSTEM (PVSS)

- Uses surrounding cameras to show real-time changes to road conditions
- A-pillar Vision Supplement
- Rear Vision Supplement

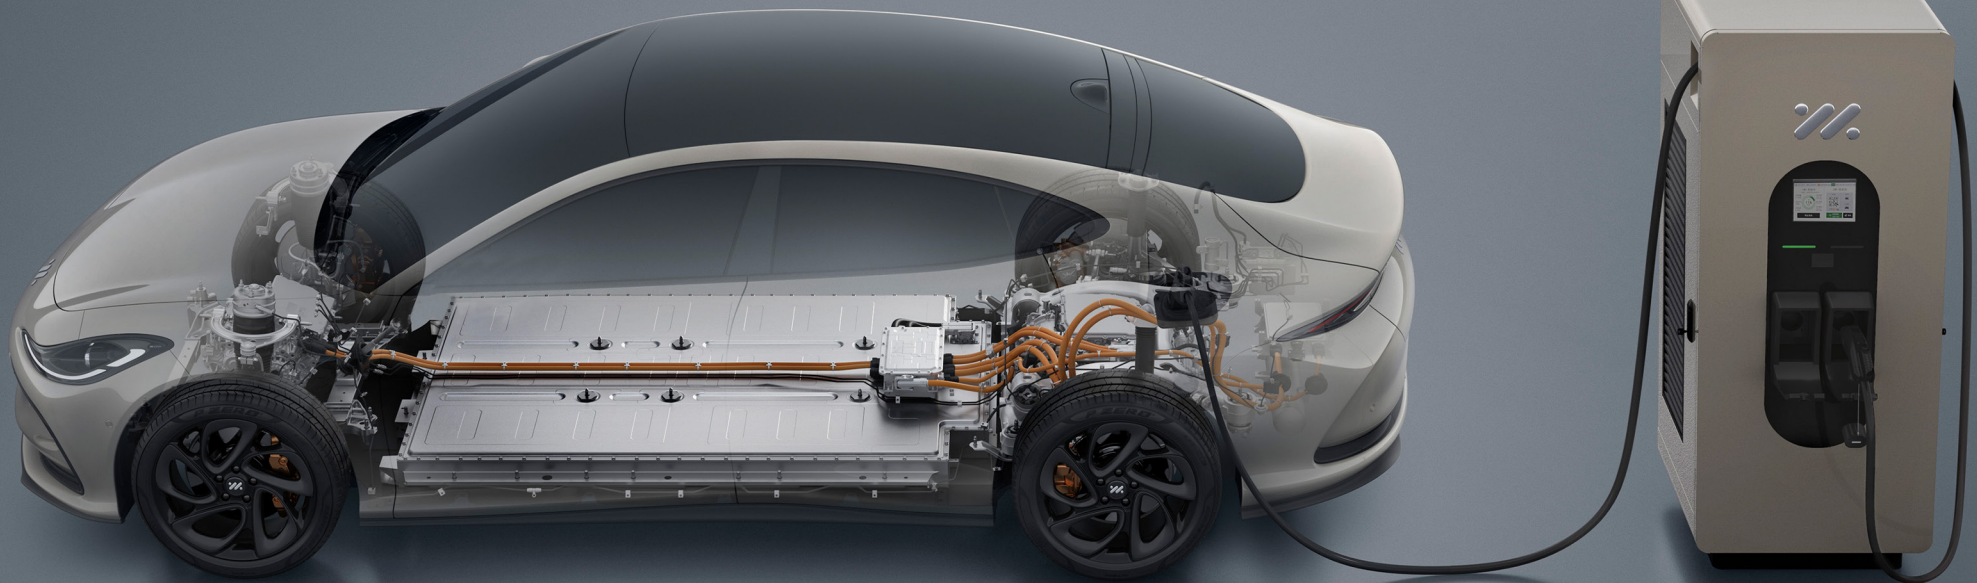

COMPREHENSIVE AIRBAG PROTECTION

Equipped with seven airbags located at the front, side, curtain and one at the far-side for enhanced protection.

Advanced Electrification.

The IM5 is engineered with an advanced 800V and 400V platform, featuring a smart thermal system and a maintenance-free design. This cutting-edge technology ensures remarkable efficiency and lasting power for a reliable and effortless journey.

800V PLATFORM (CAT B VARIANT)

Dual SiC Power Module delivers instant power and torque, and ultra-high efficiency for a consistently exhilarating ride.

400V PLATFORM (CAT A VARIANT)

Provide instant power for a smooth, responsive and lag-free drive. Advanced design ensures an efficient and incredibly comfortable journey.

UNCOMPROMISING BATTERY SAFETY

Our advanced battery units are engineered to meet the world's strictest safety standards, with a record of zero thermal runaway incidents.

ENGINEERED TO PROTECT YOU.

Built for uncompromising safety, the battery pack is insulated with aerospace-grade aerogel for exceptional thermal protection. This ensures a confident and worry-free experience on every journey.

Super Fast Charging
10%-80% in 18mins*

All Round Double Glazed Soundproof Glass
for Space-Grade Quiet Cabin

Gently Sculptured and Aerodynamic
Design with Higher Capacity Battery
to achieve 820km[^] range

Light Weight Aluminum
Alloy Spun Cast Wheels
with 0-100km/h in 3.2secs*
