

IM6 Electric SUV

IM MOTORS

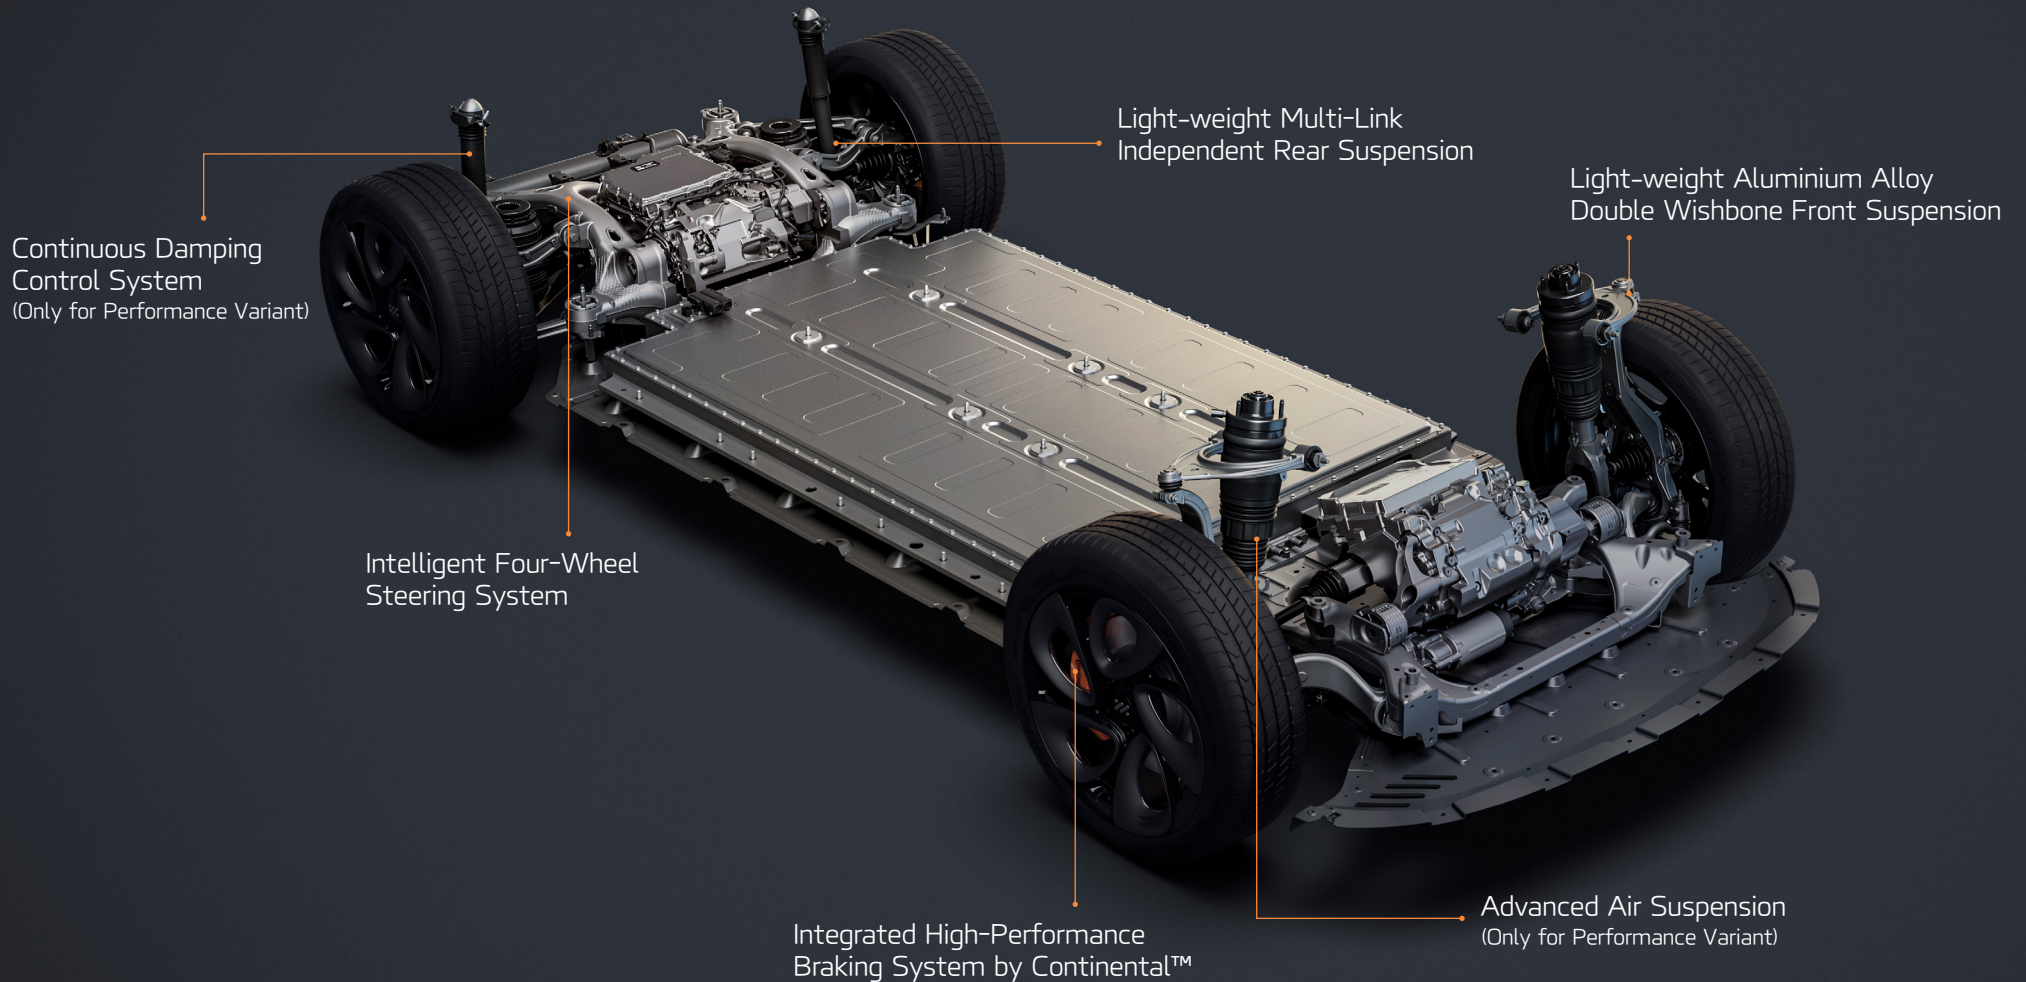

IM

COMFORT.
PRESTIGE.

Elegantly Refined Performance.

Built on the groundbreaking IM Digital Chassis the IM6 is engineered to provide an exhilarating and highly intuitive driving experience, offering effortless control and a dynamic feel where every command is met with the perfect balance of electrified performance and sophisticated precision.

A Cabin That Thinks Ahead.

The IM6 is equipped with industry-leading hardware and technologies, powered by the IM Operating System (IM OS) and One Touch iAD. This advanced technology delivers an unprecedented driving experience designed for the future of mobility.

ONE TOUCH PARK

Finding a parking space just got a lot easier. One Touch Park automatically finds the perfect spot for you at low speeds and alerts you immediately, so you can park with a single touch.

ONE TOUCH CURBSIDE

Park perfectly alongside kerbs and walls with One Touch Curbside. This function takes the stress out of tricky parallel parking, allowing you to position your vehicle accurately with a single tap on the screen.

ONE TOUCH PULL OUT

Struggling to get out of a tight parallel or reverse parking lot? One Touch Pull Out automatically pulls you out of the lot.

ONE TOUCH REVERSE

Stuck at the end of a long narrow road? One Touch Reverse records your driving path at low speeds and can automatically reverse the vehicle for up to 100 metres, retracing your exact route while detecting obstacles to avoid scrapes and collisions.

Expansive Versatility and Space.

The IM6 is designed to accommodate your life without compromise. Its spacious interior provides exceptional comfort for all passengers, while the generous trunk capacity expands to offer exceptional versatility for any journey.

Front Head Room:

1,059mm

Rear Head Room:

1,014mm

Trunk Capacity/Seats Folded:

665L / 1640L

(Only for Luxury and Sport Variants)

Built For Safety, Made To Last.

The IM6 is built with exceptional safety in mind, providing world-class protection with a comprehensive suite of passive and active safety features. These include advanced technologies such as Rainy Night Mode and the Proactive Vision Supplement System (PVSS), designed to ensure a confident and worry-free experience on every journey.

PROACTIVE VISION SUPPLEMENT SYSTEM (PVSS)

- Uses surrounding cameras to show real-time changes to road conditions
- A-pillar Vision Supplement
- Rear Vision Supplement

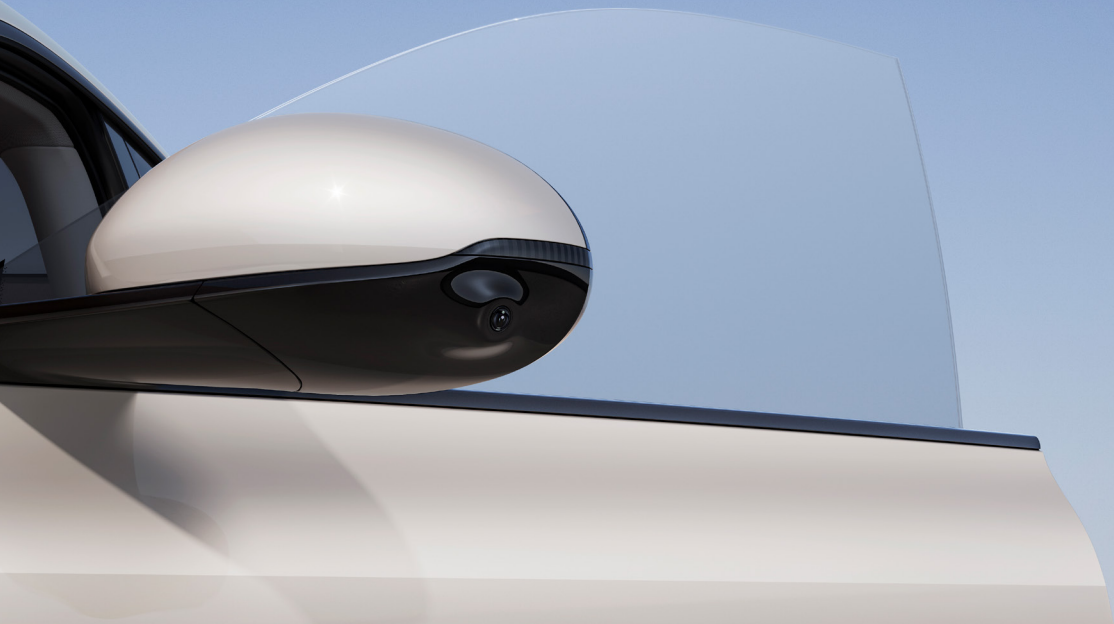

RAINY NIGHT MODE

Experience clarity in low light situations, heavy rain and blind spots where live feeds are sent directly to the drivers screen to support driving safety.

COMPREHENSIVE AIRBAG PROTECTION

Equipped with seven airbags located at the front, side, curtain and one at the far-side for enhanced protection.

All Round Double Glazed Soundproof Glass
for Space-Grade Quiet Cabin

Super Fast Charging
10%-80% in 18mins*

Acceleration time (0-100kph): 3.48s*

*Specifications may vary depending on variant.
^WLTP City Range

Gently Sculptured and Aerodynamic
Design with Higher Capacity Battery
to achieve 725km[^] range
